The Union of Jamaican Alumni Associations (USA), Inc. was formed in 1990 as a non-profit umbrella organization of over 45 alumni associations of Jamaican High Schools and other educational institutions. The Annual High School Graduate Awards Program is one of several UJAA programs. The program provides a forum for the recognition of students of Jamaican parentage, who graduate from high schools in the USA. The ceremony takes place in the presence of their peers, parents, teachers, business and community leaders and recognizes their academic and extra-curricular achievements.
