Please provide the following information of Interest

Job or Interest or Hobby: Intellectual Property Attorney; Reading and Baking

Why this choice: I have a degree in Biology and wanted to use the science knowledge I sacrificed parties in college to acquire and law and IP was the perfect intersection. I enjoy reading and while legal literature is dense and not particularly a pleasure, I relax by reading thrillers and suspense novels. I inherited the joy of baking from my mom and like creating different cakes or pastries during the holidays.

How long have you been doing this: I’ve been a licensed attorney since 2010.

How did this interest come about: SAA

What is great about it: It’s great to secure protections for clients that will inure economic benefits for their families and potentially generations to come.

What is not so great about it: Litigation – I’m not adversarial by nature but sometimes litigation is necessary to protect a client’s rights.

Additional remarks or information:
